Rocky Mountain Academy of Evergreen

Welcome to the undersea world of SEACAMP San Diego! SEACAMP San Diego is a marine science camp offering a range of programs throughout the school year and summer. Since 1987 it has been our goal to supplement traditional classroom study by providing hands-on marine science education programs for students of all ages. Our SEACAMP marine science instructors are college-degreed with a marine science background and are thoroughly trained in Lifeguarding, CPR and First-Aid, in addition to other qualifications.

Marine science is a multidisciplinary field, therefore your SEACAMP session covers a wide variety of subjects including marine ecology, physical oceanography and marine biology, ranging from marine mammals to plankton. Our hands-on labs and workshops are geared to tie in with our outdoor education field activities; which can include snorkeling, kayaking, boogie boarding, tidepool exploration and boat trips on a marine research vessel.

We are looking forward to your arrival and are excited to share this unforgettable experience!

Registration Material is broken into two sections:

Information Forms

Review them carefully with your student and contact the office or Mr. Bryant or Ms. Carbone with any questions. Keep these forms for your records.

Registration Forms

Registration Forms A, B & C must be completed and returned. It is very important that the information on these forms is properly signed and initialed before returning to your school representative. Original Registration Forms are required, e-mailed, faxed or electronically signed forms will not be accepted.

Return registration forms "A" through "C" to Mr. Bryant or Ms. Carbone with your deposit. If you have any questions, please contact us at 1-800-SEACAMP.

Housing

You will be housed at the SEACAMP marine science facility on beautiful Mission Bay. Our marine science facility provides us with lab & workshop facilities, an aquarium room, microscopes, marine life touch tanks and the added security of private beaches. SEACAMP is located approximately 10 miles north of downtown San Diego. Students will be housed in traditional open style dorms with bunk beds offering a fun, professional and secure environment. Males and females are housed in separate rooms with a female SEACAMP Marine Science Instructor in the girls' room and a male SEACAMP Marine Science Instructor in the boys' room. SEACAMP instructors are with the students 24 hours a day. Bathroom facilities have individual toilet stalls and showers are individually curtained.

Lab Facilities

Most days will include a lab at our camp facility. Our labs are specifically designed to encourage a hands-on educational experience. Our aquariums, touch tanks and other interactive teaching tools provide students with a unique, interactive classroom environment.

Meals

SEACAMP San Diego provides all meals that are included on your schedule. Meals are supplied by our caterer and are prepared in their kitchen. Breakfasts and dinners are usually cafeteria-style and served at our camp facility. Lunches are "brown-bag" style and usually eaten in the field. Meals are delicious and varied, well-balanced and include fresh fruits and vegetables. However, snacks are not included. If your student will need more than the meals provided, please have them bring individually wrapped snacks in a bag labeled with his or her name. Snacks will be stored and available daily to students.

Emergency Information

Emergency messages can be left at the office phone number: (800) 732-2267. Instructions for leaving an emergency page will also be available at this number. Emergency messages will be relayed to staff promptly.
